NOBLAG WATCH COLLECTION

At Noblag we always strive for perfection, we are proud of every single watch. The aim is to create elegant, classic timepieces made for people with great taste like you. Noblag luxury watches are stylish and charming with interchangeable straps to accompany you at any given time, completing every look.

ADJUST YOUR WATCH

1. Pull the crown out until you hear a click
2. Turn the crown to set the time as desired
3. Push in the crown completely and you are done.

WATER RESISTANCY

If your watch is not marked, usually on the back of the case, with either the words "water resistant" or a degree of water resistance (3 ATM or 5 ATM), then it is not water resistant. Care should be taken to avoid getting the watch wet as damage to the movement may result. The crown must be pushed in completely to prevent water from entering the watch.

Water resistant: 3 ATM: does not resist showers and suchlike. Excessive contact with water may cause damage to the watch. Important! Water penetration and / or damage caused under these circumstances will not be covered by the warranty.

DISPOSAL OF ELECTRICAL AND ELECTRONIC EQUIPMENT

The consumer has a significant role to play in reducing the impact of electrical waste and electronic equipment (such as batteries and accumulators).

SPRING BAR REMOVAL TOOL

The spring bar removal tool is used for changing the leather band. Important! Do not push the tool too far.

Use the spring bar removal tool to detach the strap from the watch.

Use the same tool to press out the spring bar from the leather strap.

Push the tool 2-3 mm through the hole from the side of the lug.

NOBLAG TWO-YEAR WARRANTY

Your new Noblag timepiece is warranted only to the original owner by Noblag.com for 2 years from date of purchase.
